### **Elval in the Athens Marathon**

The Elval Team is participating in the Athens Marathon, on Sunday, November 13<sup>th</sup>, with a new participation record, 19 men and 2 women. There are five participations in the main, Marathon event (42.195metres) and sixteen in the 10Km Road Race.

Over the last years, the Athens Marathon has turned into the largest and most significant of all sport events in Greece. This year, more than 50.000 runners will participate in the various races (Marathon Race, 10Km Road Race, morning and afternoon 5Km Races and Children's race) breaking all previous participation records. In addition, this year we celebrate 120 years from the first modern Olympic Games and the first organisation of the Marathon race as an athletic event.

The Elval family is particularly pleased and proud to actively participate in this unique athletic and social event, not only due to our commitment to social responsibility but also because it highlights our strong values for continuous improvement both at a personal and team level.

#### **About Elval**

Elval is a leading aluminum manufacturer in Europe. Elval's manufacturing base includes seven production plants in Greece and manufactures numerous aluminium products that meet the requirements of the packaging, construction, transportation and automotive industries, among others. Elval exports to more than 80 countries around the world and has trading facilities in seven European countries. The Elval Group is the major constituent of the aluminium manufacturing, processing, and marketing segment of Viohalco SA, the Belgium-based holding company of a number of leading metal processing companies across Europe.
